

Talk to Your Data with Conversational Analytics on Microsoft Fabric

Enterprise Intelligence with Vibe Analytics

Flyer

The next step in analytics isn't more dashboards, it's faster access to trusted answers. Hexaware's Vibe Analytics, powered by Microsoft Fabric, empowers your business to move from static reporting to real-time context aware persona based conversational insights – so your teams get answers, not just reports.

Hexaware's Vibe Analytics

Agentic AI that puts insights in every enterprise user's hands

Agentic AI, built for enterprise insights

Vibe analytics is Hexaware's agentic AI accelerator, purpose-built for faster, trusted insights from any data.

On-demand insights, without the wait

Business and technical users can generate on-demand insights across domains, use cases, and data landscapes – quicker.

From data to action, up to 3x faster

With vibe analytics, enterprises move from data → insight → action up to 3x faster, accelerating decisions at scale.

Raw Data to Vibe Intelligence: The AI-Ready Data Value Chain

How AI agents turn raw data into trusted, reusable intelligence

Agentic Data Engineering	Data Products	Distributed Datasets
Hexaware's AI data agents drive automated data ingestion, cleansing, profiling, and feature engineering for accurate, scalable, AI-ready pipelines.	Built on OneLake, Hexaware's industry-focused data products combine governance, metadata, and business context for trusted, reusable enterprise datasets.	Supports diverse data sources, along with external sources such as social media inputs, enabling vibe analytics through sentiment, emotion, and trend analysis.

Powerful Cross-Industry Use Cases

AI solutions that solve real business challenges

Fraud Detection in Banking & Insurance	Credit Risk Scoring & Management	Personalized Product Recommendations	Demand Forecasting & Supply Chain Risk	Predictive Maintenance & Operational Efficiency
--	----------------------------------	--------------------------------------	--	---

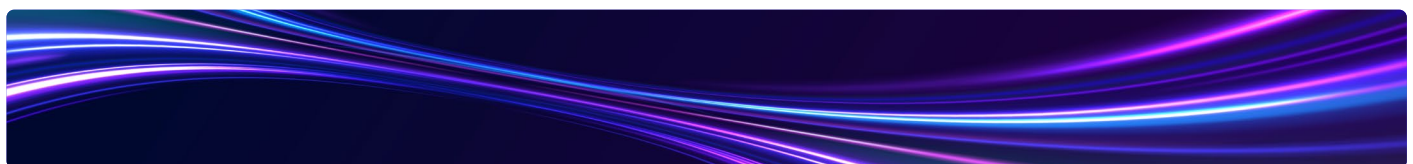

Why Choose Hexaware's Vibe Analytics

Business insights simplified and conversational

3X Faster Decisions	Improved Productivity	Responsible AI Adoption	Accelerate Time to Value	360° Persona Coverage
Reduce time-to-insight with real-time, conversational analytics.	Empower business users to access insights without relying on IT teams.	Make AI actionable by embedding it into everyday decision-making.	Move from raw datasets to actionable insights in minutes.	Enable data-driven decision-making at every level of your enterprise.

Ready to Talk to Your Data?

Vibe Analytics completes Hexaware's AI-Ready Data journey — where every question gets a trusted, real-time answer. Ready to put your data to work? Contact marketing@hexaware.com

About Hexaware

Hexaware is a global technology and business process services company. Every day, Hexawarians wake up with a singular purpose: to create smiles through great people and technology. With this purpose gaining momentum, we are well on our way to realizing our vision of being the most loved digital transformation partner in the world. We also seek to protect the planet and build a better tomorrow for our customers, employees, partners, investors, and the communities in which we operate.

With offices across the world, we empower enterprises to realize digital transformation at scale and speed by partnering with them to build, transform, run, and optimize their technology and business processes.
